EYE WASH SAFETY STATION

HYDRASAFE

SERO
GLOBAL

100% AUSTRALIAN
DESIGNED & MANUFACTURED

There are approximately
500-600 claims for eye
injuries caused by chemical
substances each year

HYDRASAFE

In industrial environments, particularly those located in remote areas, workplace safety is paramount.

Our all-in-one, portable unit combines an emergency safety shower and eye/face wash station, all powered by solar energy. Hydrasafe is designed for rapid deployment and use in remote, off-grid locations, ensuring that your workforce has immediate access to lifesaving safety measures when they need them most.

HYDRASAFE

BENEFITS

RAPID EMERGENCY RESPONSE

Provides immediate decontamination, minimising injury risks from hazardous chemical exposure or foreign object contact.

EFFORTLESS RELOCATION

Forkliftpockets allow for easy transport and repositioning, ensuring close proximity to worksite.

ENHANCED WORKPLACE SAFETY

Ensures compliance with industrial safety standards, making it ideal for high-risk environments.

OFF-GRID RELIABILITY

100% solar-powered with a 1,500-litre water tank, ensuring continuous operation without the need for mains power

DURABLE & WEATHER-RESISTANT

Insulated enclosure protects against harsh environmental conditions, ensuring long-lasting performance.

HYDRASAFE CONFIGURATION

HYDRASAFE S2000 ↘

APPLICATIONS ↘

- MINE SITES
- EXPLORATION CAMPS
- CONSTRUCTION SITES
- REMOTE STATIONS & COMMUNITIES
- FIRE & DISASTER RESPONSE
- MILITARY

HYDRASAFE S2000

Width: 1.5m | Length: 2.4m | Height: 2.75m

- PORTABLE DESIGN
- DURABLE STRUCTURE
- LARGE WATER CAPACITY
- EASY RELOCATION
- OFF-GRID OPERATION
- CONTINUOUS VISIBILITY

SPECIFICATIONS

- Water Storage Capacity:** 1,500 litres
- Visibility:** Ever-active green LED location identification light
- Safety:** Low water level and shower activation alarms
- Lighting:** Shower area lighting with day/night sensor
- Base Design:** Heavy-duty HDG base with integrated forklift pockets
- Lifting Features:** Integrated lifting / tie-down points
- Power System:** Solar-powered system with lithium battery

ACCESS SOLUTIONS

ENERGATE

SERO
GLOBAL

**100% AUSTRALIAN
DESIGNED & MANUFACTURED**

There are up to 200 workplace fatalities
each year, with a significant number
linked to unauthorised access.

ENERGATE

Energate range is available from single entry access units through to large capacity 6x station modules to cater for all site size requirements.

The modular design across the range allows multiple units to be configured together for extra capacity and enables easy, efficient transportation.

ENERGATE

BENEFITS

ENHANCED SECURITY & EFFICIENCY

Ensures controlled and seamless access to event spaces, remote locations, and temporary sites, reducing unauthorised entry risks.

COST SAVINGS & ENERGY INDEPENDENCE

100% solar-powered operation eliminates electricity costs and allows off-grid functionality anywhere.

ENVIRONMENTAL SUSTAINABILITY

Zero-emission design supports Net Zero goals, helping businesses reduce their carbon footprint.

FAST & HASSLE-FREE SETUP

Quick deployment means the system is fully operational within 15 minutes, minimising downtime and improving productivity.

UNMATCHED FLEXIBILITY

Lightweight and easily transportable, making it ideal for changing site conditions and short-term projects.

LONG-TERM RELIABILITY & DURABILITY

Built with high-grade components from trusted manufacturers, ensuring consistent performance in harsh conditions.

SERO Global, part of the APS group of companies, designs, fabricates, and delivers robust and sustainable modular solutions tailored to Australia's mining and civil engineering industries.

With a wealth of industry expertise and experience since 2001, SERO Global understands the unique challenges clients face when operating in off-grid locations. Our purpose-built solutions assist clients in minimising operational downtime while maximising efficiency and productivity – even in the most remote environments.

Spanning four key sectors – **SERO Facilities**, **SERO Hydration**, **SERO Power**, and **SERO Safety** – we pride ourselves on our team's ability to deliver reliable and sustainable solutions that succeed even in the harshest environments.

By leveraging technology and sustainable practices, SERO Global is committed to:

- ✓ Supplying off-grid, site ready, solar-powered solutions in the areas of hydration, workplace safety, power, and facilities management
- ✓ Innovate product design
- ✓ Significant cost savings
- ✓ Maximising on site operational efficiency, performance and productivity
- ✓ Health & safety support for personnel in off-grid locations
- ✓ Sustainable, net zero practices

INVESTING IN SERO GLOBAL'S SOLUTIONS OFFERS:

WORKPLACE SAFETY

Reducing 200 annual fatalities through controlled access.

ZERO EMISSIONS

Averting up to 88.1 tonnes of CO2 emissions per unit, annually.

SOLAR POWERED

100% renewable energy for a sustainable future.

Portable, solar-powered safety showers and eye wash stations for your team's onsite protection.
